The anticipated trouble from the laborers who are on strike, members of the International Hod Carriers and Building Laborers' union, did not materialize Tuesday morning. As a precautionary measure, the police were at the premises of Contractor Dotolo in the early morning. Some forty or more strikers had assembled near the premises, and Mr. Dotolo, expecting interference, asked for police protection. Three double teams and two single teams were driven out of the yard while the strikers looked on in silence, and without making the slightest demonstration except by their presence.

spproved for record, as was also the inventories of the estate of Thomas and John Patton, showing values of \$112 each in property in Oak street.

At the forty-seventh annual convection of Palmer chapter, No. 28, Royal Arch Masons, officers were elected as follows: Samuel Girven, high priest; Walter C. Hiscox, king: Abel P. Randall, scribe: William H. Greene, treasurer: Thomas McKenzie, secretary; Louis J. Reuter, captain of host; selected the constration except by their presence.

Slightest demonstration except by their presence.

Shortly afterwards there was another peaceable demonstration near the Foster property in Beach street, where the town stone crusher is temporarily stationed. About thirty of the strikers paced back and forth in the vicinity but the work of the laborers in the employ of the town progressed without interference, and the teams passed out of the reservation and into the highway, the strikers observing strict silence. The assembled strikers gradu-

Congressman George H. Utter is getting busy in Washington early in his congressional career. In furtherance of the petition of residents of Niantic to change the village name to Bradford, to avoid confusion of name with Niantic, Conn., Congressman Utter placed the matter before the post-office department officials. Assurance was given that the proposed new name would receive the official recognition of the department.

An official delegation of the Marist Fathers came to Westerly, Tuesday, to confer with the Highway committee of the Westerly town council, relative to taking a part of the Marist property in connection with the widening and improving of Beach street. Satisfactory arrangements were made and the improvement will go forward as soon as the weather is favorable.

The Marist Fathers will give to the town a strip of land along the entire frontage of their property, and in turn the town representatives will erect a rustic wall along the orchard and down to and including the lower entrance to the property, and beyond this point will build a substantial and well balanced wall.

Benjamin F. Corey, Paul H. Hillard. Civil Engineer A. W. Wyndham of New York, experienced in Panama canal work, gave an interesting address on the big cut from ocean to ocean, illustrating with stereopticon slides, showing the conditions in Colon and Panama, and the work that has been done and is proposed in the construction of the big canal. Mr. Wyndham interested and instructed a large audience in School hall, Tuesday evening, under the auspices of the Westerly board of trade.

Mr. Wyndham was introduced by President Alberti R. Stillman and spoke interestingly regarding the work going on at Panama. He gave some figures and illustrations of the gigantic size of the work, and gave personal experiences of a long residence in the canal zone. The lecture was of decided interest and the pictures aided in giving a clear idea of the work.

Every time you spend a dollar, or any part of a dollar or any number of dollars for pipes, in our stores, just now we give you absolutely free cigars, cigarettes or tobacco up to one-half the amount you spend for a pipe.

We do this simply to advertise our stores—it is an expensive but very EFFECTIVE way to advertise—it brings hundreds of new people into our stores—it makes people talk about our stores hundreds of new people try our cigars every day hundreds are coming to understand and appreciate the United idea.

THE UNITED CIGAR STORES IDEA

Our proposition is to put the output of several large cigar factories into the hands of smokers direct at wholesale prices for cash, for which we give a cash discount which is doubled in value by the use of Profit-Sharing Certificates.

The cigars we sell for 5c are real fifty dollar per thousand cigars at wholesale. We sell sixty dollar cigars for 6c, seventy dollar cigars for 7c, eighty dollar cigars for 3 for 25c and hundred dollar cigars for 10c and so on up and down the line.

### LIVES EMBITTERED BY SKIN TROUBLES

Many estimable lives have been embittered by skin afflictions, due, in most cases, to neglect in in-fancy and childhood. Delicate skins readily become irritated and severe eruptions develop. Then treatment after treatment is tried and found wanting until life becomes a nightmare of torture and disfigurement, imposing a fearful handicap in the race for business or social advancement. Yet this physical and mental suffering might have been avoided or mitigated by a timely use of Cuticura soap and ointment
